- **Tools :** Git, Microsoft Office
- **Back-End:** Django
- **Soft Skills :** Leadership, Teamwork
- **Methodologies:** SDLC, Agile, DevOps (Basics)
- **Basic Concepts:** OOP, MVC Architecture

# ACADEMIC PROJECTS

---

- **GARBAGE RECYCLER**

Developed a smart apartment garbage management system using Django and PostgreSQL that enables residents to submit garbage for recycling and purchase products made from their recycled garbage through an integrated e-commerce platform with a Supercoin rewards system.

- **DESSERT CAFE MANAGEMENT SYSTEM**

Developed a restaurant ordering system using PHP and MySQL, allowing customers to view the menu, read reviews, and place orders on their own. This reduces the need for waiters and gives customers more time to decide.

- **ART AND CRAFT MANAGEMENT SYSTEM**

Developed a web platform using PHP and MySQL for buying and selling art and craft products with customization options, allowing users to personalize orders and streamline the shopping experience.

- **RESUME BUILDER**

Developed an automated resume builder using UiPath RPA to quickly generate a large number of resumes, minimizing manual work and improving consistency.

- **COOKING RECIPE**

Developed a user-friendly static website using HTML, CSS, and JavaScript to showcase various dish recipes with clear instructions and layout.

- **PERSONAL PORTFOLIO**

Developed a responsive personal portfolio website to showcase projects and skills using HTML, CSS, and JavaScript. | <https://avani-dileep.github.io/avanidileep/>

## CERTIFICATIONS

---

- **Learning SQL Programming** | LinkedIn
- **Robotic Process Automation** | ICT Academy
- **Database Management System** | NPTEL Swayam

## ACHIEVEMENTS & ACTIVITIES

---

- Participated in a National Student Conference
- Participated in Web Designing and PG Coding events at a National Level Tech Fest
- Event Coordinator of IT Fest
- NSS Volunteer Secretary and MACS representative in college.
